

CERRITOS COLLEGE
POLITICAL SCIENCE (AA-T)
ASSOCIATE IN ARTS DEGREE IN POLITICAL SCIENCE FOR TRANSFER

The goal of the program is to introduce students to the major fields of study in political science as well as the theoretical and practical aspects of government and politics. A major in political science is of benefit to students seeking careers in law, journalism, foreign affairs, economics, business, public relations, and public administration. The program includes the study of American Politics (principles, institutions, and policies) and, depending upon the student's chosen course of study, may also include Comparative Politics (institutional structures, processes, and political cultures), International Relations (structure and operation of the international system), and/or Political Philosophy (ideas about human nature, power, justice, and the state). Completion of the degree indicates that the student will have satisfied the lower division requirements for a seamless transfer into the California State University system for political science majors.
