ECONOMICS (AA-T)

ASSOCIATE IN ARTS DEGREE IN ECONOMICS FOR TRANSFER

Economics is essential for the understanding of our society. It is the study of how we make choices as individuals and as a society. This study of choices concerns decisions such as what we consume in our everyday lives, how we produce a variety of goods or services, and to whom we distribute these products. In pursuing the Associate of Arts in Economics for Transfer (AA-T) degree, students will learn to use theoretical models and empirical evidence to explain the behavior of individuals, firms, and nations insofar as it relates to the core elements of an economy—consumption, production, and distribution. Students majoring in economics develop analytical, critical thinking, problem solving, and communication skills. This program is for seamless transfer to CSU.
