

- **PLAN C** is designed primarily for students who intend to transfer to the University of California (UC) or who are undecided between transferring to the UC or the California State University (CSU). A student may use PLAN C to fulfill Associate in Arts general education requirements and the Intersegmental General Education Transfer Curriculum (IGETC). To complete an A.A. using PLAN C, students must also meet the Health & Wellness Proficiency requirement, specific coursework toward a major, and electives as needed to complete a minimum of 60-degree applicable units with a 2.0 GPA. PLAN C may not be recommended for some majors at certain UC or CSU campuses. PLAN C can be fulfilled by completing the IGETC requirements specified for either the UC or CSU.
- If a student wishes only to transfer and is not seeking an A.A. degree, there are no proficiencies required for IGETC certification. A minimum of 60 UC/ CSU transferable units is required for transfer. For other transfer requirements, please see a counselor.
- Completion of IGETC will permit a student to transfer from a community college to a campus in either the UC or CSU systems without the need, after transfer, to take additional lower division general education courses.
- The course requirements for **ALL** areas must be completed **PRIOR** to transferring to the CSU or UC in order for IGETC to be certified. However, as of fall 2000, a student may be partially certified if missing no more than 2 courses. See a counselor to determine eligibility for partial certification.
- All courses must be completed with a **grade of "C" or better**.
- Courses asterisked (*) appear in more than one category but may be used to satisfy only one category. Courses with a "+" next to them indicate a UC credit limitation. See your counselor for details.
- Courses marked with a CL are cross listed with another course. See individual cross-listed course descriptions in the Cerritos College catalog. Cross-listed courses may only receive credit once.
